

PINK CHALLAH BAKE

Inviting all Jewish women to a **PINK CHALLAH BAKE!**

Come join in the fun of braiding your pink challah dough! Learn some new braiding techniques from each other. While our challot rise there will be a program designed to educate about the increased risk of hereditary breast cancer among Jewish families, the impact of breast cancer on the Jewish community, and Sharsheret's breast cancer programs for Jewish women and families. Participants are empowered to take action, share information and resources, and support others. Take your pink challah home to bake and serve at Shabbat to encourage conversation and awareness.
